

SUCCESS STORY

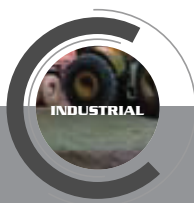

The HULK!! Of Romania

Customer : Kiat Group
Location : Cluj Napoca, Romania
Machine used : Bobcat
Application : Road repairs & maintenance
Tires in use : Galaxy, Hulk, 10-16.5 and 12-16.5/ 10PR

Kiat Group is a construction company based in Cluj Napoca, Romania. They own Bobcat skid-steer machines for road repairs and maintenance works. These machines constantly work on extremely rough terrains which cause the tires to wear out faster. The Company wanted tires which can perform well and last longer on such terrains. They chose Galaxy Hulk (10-16.5 and 12-16.5/ 10PR) and are extremely satisfied with the way tires performed.

The Customer says "The other brand tires which were used earlier used to wear out faster. The new Galaxy Hulk Tires provide huge no. of working hours of service. The competition brand tires used earlier had completed 2000 hours when they completely worn off, while the Galaxy Hulk has more than 92% tread depth after 1000 hours of service which means we expect the tires to give a tread life of more than 10,000+ hours for sure. The tires have exceeded our expectations. You get excellent traction, stability & comfort. Already this is our repeat purchase and we will definitely go for the Galaxy Hulk tires in the future as well. Also the services provided by my dealer are the highest quality, they are prompt, real professionals. We would definitely recommend these tires to others."

ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications under Alliance, Galaxy and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products. All of the Group's tires are developed and tested at its advanced R&D centers.
