## Alliance 580: Steel Belted with Superior Value in Hungary!!!

|               |   |  |
|---------------|---|--|
| Customer      | : | Agárd Farm Ltd                                       |
| Location      | : | Agárd-Elzamajor, Hungary                             |
| Machine used  | : | Manitou MLT735, Telescopic Handler                   |
| Application   | : | Agricultural Loader                                  |
| Tires in use  | : | Alliance 580 (460/70R24, steel belt, 159A8/159B, TL) |
| Machine Hours | : | 9800 hrs   |

Agárd Farm Ltd had purchased 2 sets of Alliance 580, 460/70R24 for their telehandler Manitou MLT735. The machine is required to work in extreme conditions from soft soils to hard concrete surfaces.

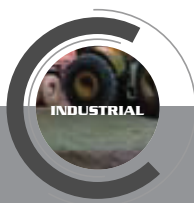

The customer, Mr. Sági Zoltán, says "The tires are in good condition even after 9800 working hours without any damage. The tires performed very well in mud as well as hard concrete surfaces. But for me, the most important was the number of hours of operation. It is way better value than the competition."

The operator of the machine, Mr. Katona József, is also very satisfied with the performance of the tires. He observed that the tires were able to maintain constant pressure even after 2000 working hours. No valve problems. He also observed that the tires are not wearing out though subjected to higher load on the front axle. Therefore, he feels that Alliance tires are very strong. He also said that tires give equal driving comfort both on hard concrete as well as soft soil. They are convinced that Alliance tires offer superior value compared to competition.

Katona József - Operator

Sági Zoltán - Workshop leader

## ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications under Alliance, Galaxy and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products. All of the Group's tires are developed and tested at its advanced R&D centers.
